

Trim Visits...Spain

Monday 19th November 2012

Friends!

I'm in Lleida!!! It's being amazing sharing my time with these kids! The very first moment I met them, they gave me lots of kisses and hugs! They are very charming people! It's sunny and warm, I think I like this city!

As today was my first day, they showed me the school... they said I have to meet lots of students! I'm anxious to meet them!

Wow! I'm so happy here ☺

I have to leave you for a while; I have lots of things to do.

Write more soon,

Love Trim x

Tuesday 20th November 2012

After my arrival, kids were very gentle with me. On Tuesday, students from 2nd class had an exam and I could help one of them telling him some of the numbers he had problems with. Shhhh! Don't tell the teacher, Erika, ok? Those who finished early could finish the Christmas greetings they are preparing or even make a drawing about me! As you can imagine, I got plenty of drawings! I don't know how I'm going to take them home as on Monday I'm starting my journey to Hungary.

When we were going downstairs, we met students from higher levels, they were taking their pulses. I was amazed and I tried to make them take my pulse, too.

I visited the Dolphin's class, they are doing a project about these animals. It's autumn in their classroom and I took a photo with the leaves they took from their playground. I could also read an interesting book about dolphins, I made a puzzle, I saw a video about the family in English, I met some friends... It was very fun!

What a great day. I can't wait for tomorrow.

Wednesday 21st November 2012

Today is my third day. I visited some of the youngest students... I was told that there were even younger pupils, but I won't meet them until Thursday. I've been told they are so sweet...

Well, I went to the Bear's Classroom first and then to the Duck's classroom. They are 3 years old (some of them they are still 2!) and they are doing a project about the family. I helped teacher Erika when teaching them the family members, the parts of the house and some of the routines we do: wash your hands, brush your teeth, brush your hair... In the Duck's classroom, I met Claudia, it was her birthday today! We sang her happy birthday and she was very, very happy!

They are good students but sometimes it's difficult to catch their attention! After these classes, I had to relax a little bit and I asked Erika to have free time. As we were passing through the corridor, I met the Music teacher, Rafa. While we were chatting, he told me I was free to go to his class, if I wanted... and so I did! You know I love music and I'm a great musician! I relaxed playing the piano, the xylophone and the drum!!!

Here are some of my photos!

Thursday 22nd November 2012

On Thursday, I finished the day feeling like a star! I'll tell you why... Erika gives her students a star sticker if they behave right. As the students said I'm a good student, a great teacher and a better friend... at the end of the class, the kids gave me a lot of stars! I was so proud that I got them until the end of the day! These kids from Lleida are so lovely!

Laia show me the postcards they are receiving from all around the world, and Fredy show me on the map where are we :) We are on the South of the European map, and it's quite warm! I like being here!

I miss you all, but I'm having an amazing time.

Trim x

I miss you all, but it's great here. Do you like my star? I was really good.

Friday 23rd November 2012

On Friday, I meet the youngest students from the school, Rabbits and Chicks. Rabbits are 2 years old and Chicks are 1 year old. Chicks don't learn English yet, so it was very difficult for them to understand me. I kept my stars on me to visit them, you know kids love stickers, and these one were very shiny!

The Chicks

The Rabbits

Rabbits learn English singing and playing... when I went to their class, they were studying the circles and the rounds... I helped them when tracing some of them!

On the afternoon, I went to the Butterflies classroom. They are doing a project about butterflies and in the English Area they are being told Eric Carle's "The Very Hungry Caterpillar". I also met Radhika.

Radhika speaks perfect English since she is from England! She is staying in the school until June to help all the students to have an accurate English pronunciation.

After this week, on Friday, before going home, I prepared a coffee and chatted a bit with the other teachers in the staff room.

On Monday, I'm off to Hungary. I've never been there before and I can't wait to meet the children there.

I'll be back for Christmas and I can't wait to see you all again.

Lots of love,

Trim x
